Subject RE: United Zinc #1 Site - FOIA 07-RIN-00493-07

Eddie:

Thank you for your time today in discussing the United Zinc No. 1 site. As we discussed, Friday July 6 is acceptable for completion of the FOIA request. It is very important that I receive a complete set of the files requested in the June 1, 2007 request. As long as I receive the complete file in the next couple of weeks, I would rather you take the time necessary to assemble the complete set of documents. Please call if you have any questions and again, I appreciate your help on this matter.

Ross Rieke

Subject: United Zinc #1 Site - FOIA 07-RIN-00493-07

Mr. Reike, per our discussion today at 1146 hours - I would like to request additional time to prepare, duplicate, and mail requested documents. I feel that I should be able to meet your FOIA request and mail such documents by Friday July 6, 2007. If you accept this request please reply indicating so. Thanks and if you have any questions please give me a call (office # below and cell # 913-645-3682).
